631 531-MLB - Pete Rose With and WITHOUT

4 SETS 4 complete sets – MLB – Numbered and ODD FINDING!!!!

1988 RARE MLB . Take notice of the lower open corner without a player. This is on two of the sheets. Now take a look at the other two sheets and you will find PETE ROSE. The numbers given for the empty picture area is 1217 & 1218.

The two with PETE ROSE is 3203 & 3204.

So, not being a stamp detective or staying at a Holiday Inn Express last night, why was he not on the lower numbers and appeared on the higher numbers? Was this the timeline of when he was in trouble? I did a little research and found the answer. YES. MLB requested he be removed and Grenada reissued the stamps. Story fro The Chicago Tribune said..."The West Indies island nation of Grenada has removed former baseball star Pete Rose from its stamps. The action was taken at the request of major league baseball, which has banned Rose from the sport for betting on baseball games. In 1988, Rose and 80 other present and former baseball stars were depicted on Grenada stamps that were issued in sheetlets. Each sheetlet has nine 30-cent stamps of different players. The Cincinnati Reds and major league baseball logos also were included in the?design.

In April, Grenada reissued the stamps. Through its U.S. agent, Inter-Governmental Philatelic Corp., the stamps were offered in a supermarket promotion in Ohio, New England and western Pennsylvania. Customers?were offered a different sheetlet every week for 10 weeks at \$1.99 each. The Rose stamp was omitted from the reissued sheetlets. Daniel Keren, spokesman for Inter-Governmental, said major league baseball officials, when granting a license for Grenada to reissue the stamps, requested that the Rose stamp be removed."

- There are?two plate blocks of 9?stamps which are "Series 1" (without Pete Rose)?
- There are?two plate blocks of 9?stamps which have Pete Rose on them (RARE).
- Each Plate Block of 9 comes with a Certificate of Authenticity.
